

BARBOUR MEASURE IS REPORTED BIG SENATE COMMITTEE

Would Continue Suits Against Former Treasurers

(By The Associated Press)

SPRINGFIELD, Ill., May 22.—Senator Barbour's bill appropriating \$75,000 to Attorney General Brundage to continue prosecution of civil suits against Governor Small, Lieutenant Governor Sterling and other former state treasurers, was voted out of the senate appropriations committee this afternoon with recommendation that it pass. The committee meeting was stormy and resulted in bitter feeling among the members, who voted sixteen to fourteen for favorable recommendation.

The atway amendment resolution which has been before the house for a week, finally received consideration today but lengthy debate prevented determination of its fate and it was put off again until tomorrow. By a vote of 13 to 6 the senate industrial affairs committee decided to report favorably the women's eight hour day bill and have amendments appear on the floor. The measure goes out of committee in the same form as it passed the house.

Heated discussion immediately started on the Barbour bill with several senators attempting to speak at the same time. Senator Glenn, Republican, Murphysboro, declared the governor "owes it to himself and his friends owe it to him to give him a chance to clear himself of these charges."

The defendants in the civil suits are being prosecuted in an attempt to recover \$2,000,000 alleged to be due from them as interest on state funds.

Assistant Attorney General Clarence N. Boord, who was present, was asked by Senator Cuthbertson, Republican, Bunker Hill, whether the \$75,000 is needed to continue the suits, and the answer was that it is.

Senator Barbour interjected that recently "emissaries of Governor Small" assured the attorney general that "you'll get your full appropriation of \$997,000 without any trouble if you'll drop these suits."

From this appropriation the governor struck \$513,200 and his veto was upheld by the house.

Senator Wood, Republican, Keokuk, started the real fire works when he asserted that the senators advocating the Barbour bill "are personally interested."

Deny Being on Payroll
Senators McMurray, Chicago, Swift, Libertyville, and Cuthbertson, jumped to their feet with denials that they are on the attorney general's payroll or any other.

Senator Barbour declared he aided in prosecution of the Rock Island vice cases without a cent of compensation, and Senator Glenn said he received only small fees for his work at Marion during the Herrin murder trials.

Senator Telford, Republican, Salem, joined with Senator Wood in saying the attorney general has a secret payroll but he did not identify the alleged beneficiaries although several members shouted to him to "come across" with their names.

Several allies relieved the tension at times. Senator Wood declared that "my motive is only for the people's interest" to which Senator Barr replied:

"So is mine to the tune of \$2,000,000 in interest."

Senator Barr, Joliet, administration leader, summed up his case with the declaration that Mr. Brundage has thirteen attorneys in Springfield qualified to prosecute the civil suits and that further appropriations would be a waste of money.

The bill was amended to strike out the preamble accusing the defendants of embezzling state money and mention of the governor in the body of the bill.

The senate tonight passed twenty-seven to eight the Barr bill accepting the provisions and benefit of the Sheppard-Towner maternity act.

PRESIDENT HARDING WILL BE RENOMINATED SENATOR FESS SAYS

Tells Springfield People He
Will Also be Re-Elected

(By The Associated Press)

SPRINGFIELD, Ill., May 22.—President Harding will be renominated without any serious opposition and will be re-elected to the presidency, Senator Simeon D. Fess, of Ohio, said today while here to address the Illinois State Historical society.

"Although there will be some scattered opposition as there always is," Senator Fess said, "it will not be serious and President Harding will be re-elected. Then he will be re-elected."

"The reason I believe he will be re-elected is that the country is now in an era of prosperity that is permanent—I do not think it will be of brief duration, but will continue. This is due to the efforts of the administration. I think the people will realize this."

Asked as to his views on the effect Harding's stand on the world court proposal will have in connection with the election, Senator Fess said that the world court proposal will not be of political advantage to the president.

Senator Fess spoke tonight on "The European situation and our relation to it."

STANLEY BALDWIN IS NAMED PREMIER OF GREAT BRITAIN

Selected by His Majesty to Succeed Andrew Bonar Law

(By The Associated Press)

LONDON, May 22.—Stanley Baldwin, Chancellor of the exchequer, is the British prime minister in succession to Andrew Bonar Law. Having followed the constitutional practice and ascertained the views of the conservative leaders thru the medium of his secretary, Lord Stamfordham, the king today offered the vacant premiership to Mr. Baldwin who accepted.

The appointment of a man comparatively new to politics passing over experienced statesmen like Marquis Curzon and the Earl of Balfour, indicates the change which has taken place on the political stage with the rise for the first time in the country's history of the labor party to the position of His Majesty's opposition in parliament.

Of necessity the labor party is not represented in the house of lords, and it was this fact of non-representation of labor which ruled Curzon out as a possible prime minister in the opinion of the majority of the conservative leaders. It was felt necessary that the first minister of state must be in the commons to meet the attacks on this opposition. The new prime minister like his predecessor has graduated from trade and also like Mr. Bonar Law from the iron trade. This fact insures for the new premier the support and confidence of the commercial and financial world which the members of the cabinet now will formally tender their resignations but the general belief is that for the most part the present ministers will be re-appointed.

Among the surprises of the day was the announcement that Sir Robert Stevenson Horne had consented to become chancellor of the exchequer in the new cabinet a post he held under Lloyd George. As late as yesterday it was asserted that Sir Robert had no intention of tendering his resignation. His appointment to the new office cannot be officially announced until the formalities are completed, but the appointment is regarded as certain and the question arises whether Sir Robert Horne's inclusion in the cabinet means that Mr. Baldwin hopes to bring in the other late colleagues of the new chancellor, like Mr. Chamberlain and Birkenhead, to strengthen the ministry. Belongs to Die Hard Section

Stanley Baldwin is actually the nominee of the die hard section of the conservative party, which hitherto has been the most determined against the readmission of Birkenhead and Chamberlain to the ministry; hence it may be inferred that such a reconciliation in the conservative ranks is not likely.

The most engrossing questions before the British public tonight are what will be the personnel of the new ministry and what will be the policy of the new prime minister, especially in the Ruhr and as relates to Russia. Mr. Lloyd George in a speech at Llanfairfach tonight out his finger on what is generally considered the weak side of the Bonar Law administration. He said:

"I had more confidence in the late premier's restraining activity than in his driving capacity." Among the host of messages received by Mr. Bonar Law from well wishers including the colonial premiers and the president of the Irish Free State, was one from Woodrow Wilson, saying: "Having myself been hampered by ill health I know how to sympathize with you and do with all my heart. I trust that your health may steadily return."

WEDDING CELEBRATION

An Old English Whitsuntide celebration was held at the pleasant farm home of Mr. and Mrs. George Clayton, Sr., east of Murphysboro Sunday. A sumptuous five course dinner was served at the noon hour and the whole day was one which will long be remembered with pleasure by all present.

BLIND GIRL PASSES

PITTSBURGH, Pa., May 22.—A warrant charging Margaret Baldwin, 20 year old blind girl, a student at the University of Nevada, with passing fictitious checks, was issued by the district attorney here today.

The girl liked to feel pretty silks, she said, although she couldn't see them. Her arrest had been put off for months the district attorney explained because storekeepers on whom she passed checks did not like to prosecute a blind girl.

Must Not Withhold Support From League

(By The Associated Press)

SPRINGFIELD, Ill., May 22.—To withhold our support from the proposal for an international court would be to ignore our long standing efforts for peace and, as a party, repudiate our specific pledges of every presidential campaign since 1904, United States Senator Simeon D. Fess, of Ohio, said in an address here tonight before the Illinois Historical association.

Objections to the plan are not convincing, Senator Fess declared adding that the argument advanced by some that adherence to the protocol will put the United States into the league of nations "is absurd."

Senator Fess quoted an exhaustive resume which he said showed the leading, if not controlling position of the United States toward peace in the world.

"We have pioneered in this field have urged step by step, mediation, arbitration and judicial process to avert the horrors of war," he said. "To remove the causes of conflict is the work of civilization, not of today, a year or generation, but of the century."

"This work must, as it does, enlist leaders of our times and will operate thru conventions or conferences and treaties with the announcement of declarations of principles, emphasized by speeches and carried out thru arbitrations, mediations and finally by adjustments thru judicial process."

"This body of sentiment, which will strengthen the love of peace and abhorrence of war will be the foundation upon which will be built the structure of international law to be the ruling guide of conduct of nations with one another."

"With this program over-developed, amendment can be avoided, burdensome war taxation relieved and chances of war wonderfully reduced thru the ending of foolish military and naval rivalries among nations."

FEDERAL RESERVE REDISCOUNT RATES WILL BE RETAINED

(By The Associated Press)

WASHINGTON, May 22.—Federal reserve rediscount rates will be maintained at their uniform level of 4 1/2 per cent for the present because of satisfactory business conditions throughout the country, it was announced today at the conclusion of the meeting of the board's advisory council.

The impression was given that the council felt there was no need for drastic action by the board. Some of the council members were known to believe that the period of expansion has reached its peak and the tendency of the future will be either to maintain the present level or slightly retire from it.

Apparently the council was unable to arrive at a recommendation satisfactory to all of its members regarding the proposition to discontinue the free services. It has been rendering the member banks. Agitation has been in progress by some reserve bank officials for many months against the services.

The change from a free to a pay basis on collections and the handling of commercial paper by the reserve banks, it has been contended would greatly increase the earnings of the reserve board.

MILLIONS OF DAMAGE IN OKLAHOMA STORM

(By The Associated Press)

OKLAHOMA CITY OKLA. May 22.—Reports reaching here tonight from flooded sections of Western Oklahoma confirmed earlier advices that damage running into millions of dollars had resulted from a heavy storm which isolated that section of the state yesterday and last night. Crops and livestock were the hardest hit, according to the reports, rains at some places reaching cloudburst proportions, and raging rivers destroyed the productivity of thousands of acres of farm lands.

Two tornadoes followed late this afternoon in the wake of yesterday's torrential rains and high winds. They were in widely separated regions.

A message from Freedom, in Woods county, near the Kansas border said that a twister had caused considerable property damage near Salt Springs, Edith, Freedom and Ferry.

The small daughter of Mrs. Mary Broth, who lives north of Freedom, was killed and Mrs. Broth suffered fractures of both legs.

Cyclonic conditions prevailed late today in the Wichita Mountain region in southwestern Oklahoma.

Communication was established for an instant during the day with Leedy in Dewey county and it was learned that there had been no loss of life there as had been rumored last night.

ROY HAS BIRTHDAY SURPRISE AT PASSAVANT

Douglas Allen, son of Ethan Allen who is pumper and bridge tender at Meredosia, had a very pleasant surprise at Passavant hospital yesterday, where he had been a patient for two weeks.

He casually mentioned to Miss Venger that yesterday was his seventeenth birthday and a birthday party was arranged with a lovely birthday cake bearing seven candles. The nurses and all of his other friends visited him and best of all his mother appeared in time for the celebration, making the little fellow feel that a hospital is not the worst place after all.

Thomas Hughes, former resident of Jacksonville accompanied Grand Secretary Sikes of the I. O. F., to the city yesterday and attended Illinois' celebration last night.

COMMUNITY SERVICE MUST BE THE BATTLE CRY OF CLUB WOMEN

This Statement Made by
Speaker in Chicago
Tuesday

(By The Associated Press)

CHICAGO, May 22.—"Community service," must be made the battle cry of club women if their activities are to accomplish works of lasting benefit, Miss Mary L. Stoughton, executive secretary of the Harmon Foundation, New York, told the twenty-eighth annual convention of the Illinois Federation of Women's clubs today.

Miss Stoughton declared public service was the sole end to justify civic enterprise. The seventy-five thousand members affiliated with the Illinois federation she said were a power sufficient in itself to throw the state into either the ranks of forward looking and enlightened peoples or the confused and unsteady advance guard of social retrogression.

"Community service," was the keynote of the first night of the business session tomorrow resolutions will be presented on the narcotic traffic international relations, forest preservation and the Illinois deep waterway project. Mrs. Hattie M. Eberle, of Sterling, is chairman of the resolutions committee. Officers will be elected at the afternoon session. Tonight Mrs. George Thomas Palmer on Springfield, a former recording secretary of the federation was the only announced candidate in the field. It was considered probable that the Chicago delegation would offer an "up-state candidate" but several nomination caucuses today failed to produce a candidate.

The proposed resolution on international relations endorses "all practical measures and movements tending to * * * the adjudication of international controversies which are susceptible to settlement thru judicial tribunals."

ATTEMPT IS MADE TO WRECK ALTON HUMMER

Northbound Fast Passenger on C. & A. Encounters Ties on Track North of Sinclair Tuesday Night—Engineer Reports Seeing Man Near Scene—Special Agent Starts Search

What appears to be an attempt to wreck the northbound C. & A. Hummer was perpetrated last night about two miles north of Sinclair. The engineer saw the obstruction on the track just in time to reverse his engine, so that no damage was done. Two men had been placed along the rails. Though the engine was brought to reduced speed as quickly as possible, the ties were under the train before it could be stopped.

The engineer backed his train off the ties and they were removed from the right of way. The train proceeded to Roodhouse where the incident was reported. The engineer of the Hummer also reported seeing a man of slight build walking along the track about a half mile north of where he found the ties. The man wore a cap.

Edward McGinnis, special agent of the C. & A., went immediately to the scene of the attempted wreck to make an investigation. He was notified by road officials at Roodhouse to start a search for clues to the motive for the attempt to wreck the train. Thus far road officials have advanced no theory as to the identity of the persons involved in the matter or as to the motive for their actions.

BUSTS UNVEILED IN HALL OF FAME N. Y. YESTERDAY

French Ambassador One of the Principal Speakers

(By The Associated Press)

NEW YORK, May 22.—Busts of Abraham Lincoln, Ralph Waldo Emerson, Henry Ward Beecher, Alexander Hamilton, Ulysses S. Grant, Robert E. Lee and Frances Elizabeth Willard today were unveiled in the hall of fame of New York University bringing the total number of busts in the hall to thirteen.

Elaborate ceremonies, culminating in a procession to the Hall of Fame were held at the University and were participated in by representatives of families of those famous in American history and of scientific, literary, artistic and patriotic causes.

Julius J. Jusserand, French ambassador to the United States, who unveiled the Lincoln bust, declared that the United States had learned from the example of the martyred president the value of disinterested courage and generosity.

Emerson, declared Dr. Henry Vandyke, speaking at the unveiling of the philosopher's bust sculptured by Daniel Chester French, illustrated the noblest achievement of democracy to produce a spiritual aristocracy. He was an awakener, a "liberator," a teacher of courage with prudence.

"The question of today," Dr. Vandyke asserted, "is whether the new generation of Americans will follow such native teachings as those of Emerson, or turn to the idolatry of strange gods like Freud the renegade Jew, Nietzsche, the insane German and H. G. Wells, who thinks that he has invented the only true religion which is communism. To turn from the writings of these men to the poems and essays of Emerson is like coming out of a cabaret into the fresh air."

Martin W. Littleton, president of the Southern Society of New York, speaking at the unveiling of the statue of Lee, from the Chisel of George T. Brewster, declared that the confederate general was the embodiment of a cause which was lost but the representative of a principle which will never die.

Major General J. G. Harbord, the speaker at the unveiling of the bust of Grant, praised the magnanimity of the Union general whose dying hours, he said, were filled with hope for harmony and good will among his countrymen. Grant, he said, first initiated the idea of a world court and of arbitration of disputes between nations.

The Beecher bust by Amasey Rhind was unveiled by Colonel William C. Beecher; the Emerson bust by Dr. Edward E. Emerson each a son of the honored man. The Hamilton bust, sculptured by Giuseppe Cerachi, was unveiled by Miss Mary Schuyler Hamilton, the statesman's great-grand daughter; the Lee bust by Dr. George Boelling Lee, the general's grandson. The Lincoln bust was unveiled by the martyred president's granddaughter, Mrs. Mary Lincoln Isham; while the Lorado Taft bust of Miss Willard was unveiled by Mrs. O. H. Willard.

Definite arrangements for the outing will be made at the meeting here, which is to be held in the Chamber of Commerce rooms.

EVOLUTIONISTS SCORE VICTORY IN CONVENTION

Bryan Declares That Machine Politics Are
in Control

(By The Associated Press)

INDIANAPOLIS Ind. May 22.—William Jennings Bryan was defeated and evolutionists scored a victory today when the general assembly of the Presbyterian church of the United States defeated the commoner's resolution to bar schools permitting the teaching of the evolutionary hypothesis from use of church funds.

The assembly adopted a substitute resolution offered by John Willis Bare of Pasadena which in mild terms directed synods and presbyteries to withhold their official approval from educational institutions, "where any teaching or instruction is given which seeks to establish a materialistic evolutionary philosophy of life or which discards or attempts to discredit the Christian faith."

The fundamentalists, under Mr. Bryan's leadership, went down fighting in the most bitterly waged struggle the general assembly has seen, according to church historians, since Charles A. Briggs of Union Theological Seminary was unfrocked more than thirty years ago because of his old testament criticisms.

Mr. Bryan declared tonight his resolution had been steered rolled by a machine-ridden convention dominated by a minority group of clever politicians, who are lacking in frankness.

"I have had experience enough in politics to know a machine when I see it and the machine in control of this assembly works perfectly," his statement said.

"The so-called liberals have everything their own way. I found this out as soon as I arrived. My protest is against a lack of frankness and frankness can hardly be expected from people who know they are in the minority and yet want to control the church and its policy. They have used the same tactics that politicians use, under the same circumstances."

PICTURE THEATER OWNERS HOSTILE

(By The Associated Press)

CHICAGO, May 22.—The convention of the Motion Picture Theatre Owners of America went in for warfare at its business session today, passed a resolution or displeasure with the Motion Picture Producers and Distributors of America, headed by Will H. Hays, declared for a fight to the finish with the American Society of Composers, Authors and Publishers over popular copyright fees, and closed with a statement expressing the need for greater co-operation thruout the motion picture industry.

Rudolph Valentino addressed the convention, denouncing "commercialism in the expansion of Art" as practiced here, by some producers and commending the efforts of "independent producers and exhibitors to improve conditions in the industry for the artist, the exhibitor and the picture-loving public."

SENSATIONAL CHARGE MADE BY NEWS

(By The Associated Press)

CHICAGO, May 22.—There is not a flat or apartment building in the whole city of Chicago that does not house at least one representative of the liquor industry, the Chicago Daily News charged today in a story which it asserted the liquor is the biggest single business, legitimate or otherwise, in the United States today.

Every apartment building in the city has at least one tenant, and in many cases, all the buyers or sellers of liquor, it is asserted.

The story stated that 25,000 smugglers trafficked between Canadian shores on the Detroit river and Escorial, a small town about ten miles from Detroit, carrying an estimated total of 100,000 gallons of liquor over the river daily.

GOVERNMENT IS WAITING ADVICE FROM SCHURMAN

Will Take No Action Without His Recommendation

(By The Associated Press)

WASHINGTON, May 22.—The Washington government had been without advice from Minister Schurman in Peking for more than 24 hours today when the cabinet met to devote the entire session to consideration of the plight of the foreigners including American citizens, held as hostages by Chinese bandits. The cabinet approved Secretary Hughes' action in awaiting recommendations from Minister Schurman to guide the course of the Washington government.

It was said at the white house that the administration had full confidence in Mr. Schurman. The first and only concern of the American government at the moment it was added was that the lives of the captives should be saved and their release unharmed procured.

While it is recognized the administration spokesman said, that to undertake direct negotiations with the bandits thru the Peking diplomats would be in effect to waive the question of the responsibility of the Peking government for the safety of foreigners in its territory there would be no hesitation in following that course in the last resort to release the prisoners.

Earlier dispatches from Mr. Schurman indicated that the meeting yesterday of the diplomatic corps was for the purpose of determining whether direct negotiations should be opened with the bandit leaders.

It was assumed here that some of the delay in further advices the Peking delegation as to the situation was due to the difficulty the diplomats have found in determining whether there should be foreign intervention in the negotiations thru some unofficial delegate to treat with the bandits, or arrangements should be made for a direct meeting between the bandit leaders and official spokesmen for the governments whose nationals are victims of the bandit outrage.

Will Find Method

It was intimated at the white house that should the question of providing funds to meet ransom demands of the bandits alone appear to block release of the prisoners, it would not be regarded as a serious matter. The implication given was that the United States government would find some method of making the payments and later collect from the Peking government in such an event.

At the state department however, it was pointed out that the Washington government had no advice to indicate that the ransom question was the only point of disagreement or even the major obstacle to success by the Peking government's negotiations.

As the situation is understood in Washington the Peking diplomats brought pressure to bear on the Chinese government to have Chinese troops withdrawn from the vicinity of the bandit stronghold.

The biggest American problem at present is parking space.

The Sioux are suing Uncle Sam for \$750,000 to pay for lands "taken from them without just compensation." If all the Indians present claims on that basis, Uncle Sam will owe them more than Germany owes the Allies.

THE GREATER MENACE

William J. Bryan, in his latest statement about evolution, says: "I believe the doctrine that man is descended from the brute is the greatest menace to civilization, as well as to religion, that the world has known in 1,000 years. There is no questioning the slowness of this distinguished champion of old-fashioned orthodox regarding man's origin, and every man is entitled to his opinion in a field where absolute proof is difficult. Nevertheless there is a great and distinguished company of Americans which takes issue with Mr. Bryan on both of these points.

It is doubtful whether the average church member today considers belief in physical evolution at all inconsistent with religious faith. It is still more doubtful whether the theories of Charles Darwin can be fairly

charged with menacing civilization.

There seems to be a growing belief among open-minded people that a belief in man's power to rise from the status of the brute, physically and mentally, to higher and higher levels, offers new stimulus and hope for the human race.

THE TOURIST CAMP

Denver is advertising the opening of its automobile touring camp for the season. It is probably the most pretentious place of the kind in the country, and cost the city \$250,000. There are comfortable accommodations for taking care of hundreds of campers at a time. Everything necessary is within easy reach. Fifty thousand guests are expected during the season.

Is it worth the money and trouble? Denver thinks so. It expects big profits from money the tourists will spend in the city, and still bigger profit from the good impression of Denver that they will carry away. Whether as a commercial investment or an advertising scheme, it is considered thoroughly satisfactory.

Hundreds of other cities and towns in the West look at the matter in the same way, and many of them are coming to be known favorably throughout the land because of their kindly and thoughtful reception of summer visitors. The substantial merits have been there all the time, but it took the tourist camp to make them known. Every pleased tourist is a voluntary publicity agent. Jacksonville is offering camp facilities for tourists at Nichols Park. It cannot offer too much.

Mr. and Mrs. W. H. Rohrer of Waverly arrived in Jacksonville Monday evening for a short visit with friends.

Some adobe houses of the southwest part of this country are known to be over 300 years old and still inhabited.

DR. T. H. MARSH TO BE DELEGATE TO SWEDEN

Former Pastor of First Baptist Church Here Will Attend Baptist Alliance as Representative of Decatur Church—Vote is Expression of Appreciation for Pastor's Services.

Rev. T. H. Marsh, who was for so many years the successful and popular pastor of the First Baptist church of this city, has received an unexpected honor at the hands of his congregation of the First Baptist church in Decatur. He is to be sent to Sweden as a delegate to the Baptist World Alliance and will have a two months' vacation from his pastorate. The following extract from a Decatur paper is a full account of the matter:

Rev. T. H. Marsh, pastor of the First Baptist church, will attend the sessions of the Baptist World Alliance, in Stockholm, Sweden, which convenes July 21 and continues for five days. It was announced Sunday evening. Rev. Mr. Marsh will represent the Decatur First church, the congregation of which voted unanimously Sunday morning to send him to the conference as its representative. In addition, the congregation voted to give him a two months' vacation, which he plans to pass in touring the United Kingdom and several of the continental countries.

After he had concluded his sermon in the morning service Sunday, the congregation asked its pastor to leave while the members discussed certain matters. The discussion was the offer of a two months' vacation for Dr. Marsh, the discussion terminating in a unanimous vote approving sending him to Europe.

Is Appreciation of Service The action of the Baptist congregation is in consideration of Dr. Marsh's work since he has been pastor of the church. He was apprised of its action at the close of the evening service.

Previously the church had planned to send him to the Northern Baptist convention which will be held in Atlantic City this week. He was to have departed for that city this morning, but will not go because of Sunday's announcement.

The Stockholm meeting will be attended by delegates of Baptist churches from practically every country in the world. It is expected that between 250 and 300 delegates from American churches will be present.

Dr. Marsh has had insufficient time to plan in detail for the trip, but said Sunday evening that he probably will leave Decatur about July 1. He will have about six weeks after the meeting and will tour England and Scotland, France, Italy and other countries on the continent.

Brigand, the name, was first given during the imprisonment of King John in Paris in 1253 to the mercenaries who held the city.

Albanians' vocabulary contains many Greek, Latin, Italian, Slavic and Turkish words, but the grammar is their own.

OLD JACKSONVILLE

THE BUILDERS OF JACKSONVILLE

(BY ENSLEY MOORE)

Member Illinois State Historical Society

Our city was fortunate in its founders and early citizens.

It would seem as if they were not only able and prudent; but self-sacrificing and generous.

They not only fought the wilderness and malaria, but they fought in the battle for others, for the poor, the ignorant and the unfortunate.

"The desert was made to blossom like the rose," trees were planted and the prairies transformed; other trees were cut down that land might be fenced and utilized that habitations might be built and a city established.

The pioneer was brave and helpful one to another, and sympathy warmed their hearts to one another and even to strangers even to the cost of many lives, it was illustrated in the dread, dread days when cholera first came to this community, in 1833. That disease came with some emigrants, rather with one party in a "mover's wagon," and help was extended to the unfortunates who ended their life journey here. The little town rapidly as it was growing could apparently ill afford to go near those stricken with the fell disease. And when it ran through the community and neighborhood brave, self-sacrificing men like James S. Anderson, faced the situation, gave up their own occupations, walked up to the bedside of the sufferers and nursed them back to health, or gave them human sympathy, tender care and decent burial.

Gentle women such as Mrs. Truman M. Post stood by the side of the dying and helped them in their last hours of sore distress and misery. The true hearted heard the injunction "strengthen ye the weak hands, and confirm the weak knees."

Then came other days when the beauty of our new land was manifested to the new comers, and old evils were forgotten in the freshness of our wonderful state, untroubled by the old tricks or sins of had men.

The Methodists came—circuits

riders—bringing the Gospel of Salvation and Hope and Peter Cartwright and Peter Akers showed men better ways of living, as John M. Ellis and Julian M. Sturtevant taught men from books and by example, and invited those who would be educated to our town and to the College on the Hill, whence young men could look out upon better things for their future, happier homes and better companions as they grew older.

Even our politicians and public men spoke for better things. Slavery was not allowed to intrude upon our free land, and Mormonism formed no foothold. Judge Thomas taught the children, as did Augustus Kent Barber, John J. Hardin led our brave young men to the Land of the Montezumas; and Richard Yates caught, in College Grove the aspiration for freedom for others and to be helpful that Government should not perish from off the earth. David A. Smith from Virginia set his slaves free, and Steven R. Douglas from Vermont argued for popular sovereignty.

The unfortunate were not forgotten, for Judge Thomas and Richard Yates and Joseph O. King and the Carters and Wolcotts and Prof. Turner aided the oppressed to safety, and helped the insane and the blind and the deaf to comfort or intelligence, and Joseph Duncan helped in this field as a public officer and as a generous friend of humanity.

Young men and maidens were taught higher knowledge by Newton Bateman, by Dr. J. F. Jaques, by "Father" Adams, by Mrs. Williams, and Mrs. Ellis' short life was extended through the ages by her teachings and provisions for her own sex at the Academy.

Churches were built by those believing in the God of Truth and His Blessed Son, and in the ways of truth and purity. Think of the good things done for everybody by our old settlers, and say if Jacksonville was not favored far ahead of most places in its foundation.

Members of Wilber chapter, Order of the Eastern Star, had the pleasure of entertaining a large group of grand officers Tuesday. The worthy grand matron, Mrs. Helen M. Brakefield, and the worthy grand patron, Charles H. Soelke, both of Chicago, with others, arrived in Jacksonville Tuesday morning on their special Pullman car, and other visitors came from Springfield and other cities.

It was the annual inspection visit by state officers and the occasion was made memorable in many ways. There were visits to the state institutions, followed by an automobile tour thru Jacksonville and nearby territory with a banquet at 6 o'clock, followed by a ceremonial session. More than 200 attended the banquet and the session following, and in every way it was a great day for Wilber chapter.

Mrs. Nellie Haneline is worthy matron and George B. Kendall, worthy patron. They, with other officers and members of the lodge, forgot nothing in making preparation for the day or in carrying the program into effect.

The group of visitors included as mentioned: (Mrs. Brakefield, Mr. Soelke, and 14 other grand officers, together with representatives of the permanent charity fund committee, and the home board committee. Other visitors were Past Worthy Patron John M. Tipton and Mrs. Tipton of Springfield; Mrs. Ida Stacey, Springfield; and eleven worthy matrons of Chicago chapters.

At 11 a. m. the visitors attended a concert given for their pleasure at the School for the Blind. Then at 1:30 they witnessed an excellent program at the State School for the Deaf and at 3:30 visited Jacksonville State Hospital. Still later an automobile trip took them thru the streets of Jacksonville to Nichols park and other points of interest.

The reception committee included: Mr. and Mrs. George B. Kendall, Mr. and Mrs. George Moore, Mr. and Mrs. Alex Raljohns. On the automobile trip they had assistance from Charles M. Strawn, J. G. Berger, Julius Strawn, C. C. Self, Charles Fiedler and G. A. Faust.

Of the entertainment committee Miss Leah H. Caldwell was the chairman and Mrs. W. H. Westendorf was chairman of the banquet committee. There were numerous assistants on all of these committees for it is the custom in Wilber chapter for all to work together for the success of lodge events.

In the course of the evening program a bouquet of roses was presented to Mrs. Brakefield by Miss Fern Haigh for the chapter and later Miss Jennie Raljohns, acting for the chapter, presented a handsome silver token.

The work of the initiatory degree was exemplified with Mrs. Earl Rogers as the candidate, and subsequently came addresses by a number of the distinguished visitors. It was an occasion the lodge members will long remember with particular pleasure.

Mr. and Mrs. Arthur Vannier were among the shoppers from Bluffs yesterday.

MISS WHITMER DEAD AFTER BRIEF ILLNESS

Well Known Young Woman Passes Away From Pneumonia—Funeral Will Be Held Thursday.

Many Jacksonville people learned with sincere regret Tuesday night of the death of Miss Helen Beatrice Whitmer, which occurred at 4:30 o'clock at the home of her aunt and uncle, Dr. and Mrs. Charles Hopper, 823 Grove street.

It was a little more than a week ago that Miss Whitmer became ill with tonsillitis and the disease soon developed into pneumonia and a serious condition.

The deceased was born in Jacksonville, August 10, 1899, a daughter of Edward and Ida L. Whitmer. Subsequent to the death of her father, Miss Whitmer's home was elsewhere for several years. After the return of the family to Jacksonville she became a student in the public schools and graduated from the high school in 1918.

After taking office training Miss Whitmer entered the revenue office. She filled a position successfully in the collector's office in Springfield and about a year ago was transferred to the Jacksonville office. The ability with which she discharged her duties there won the high regard of the patrons of the office.

Miss Whitmer was unfailingly pleasant and courteous and it was this kindly spirit that made for her continued popularity in a wide circle of acquaintance. Miss Whitmer had the appearance of perfect health and her untimely death came as a special shock to the community.

The deceased was a member of Central Christian church, a young woman in every way admirable. She is survived by her mother Mrs. Ida L. Whitmer, and two sisters.

The remains were taken to the Reynolds Mortuary. The funeral will be held Thursday afternoon at 2:30 o'clock at the residence of Dr. and Mrs. Hopper.

ABSENCE OF CASS COUNTY FARMER UNEXPLAINED

The absence of Louis Willey, well known Cass county farmer, is still unexplained. Mr. Willey started on a trip to Jacksonville Saturday and his relatives and immediate friends have heard nothing from him since that time.

The police departments of Jacksonville and other cities have been notified and asked to assist in locating Mr. Willey. He is about 42 years of age and was for some time postmaster at Arenzville, retiring from that office several years ago. Since that time he has engaged in farming. Thus far there is no satisfactory explanation given of his absence.

DR. CARL E. BLACK TO SPEAK AT WHITE HALL

Will Discuss "Some Phases of the Near East" Under Auspices of Woman's Club Tonight—Other White Hall News.

White Hall, May 22.—"Some Phases of the Near East" will be the subject of a lecture by Dr. Carl E. Black, of Jacksonville, in the Presbyterian church Wednesday evening under the auspices of the Woman's club. The event is one of importance. Dr. Black spent a year in Greece during the war doing research work for the government, which gives him an intimacy with the situation that is eagerly sought by the general public. There will be a number by the chorus of the White Hall Music Club, and a piano number will be given by Mrs. H. O. Tunison and Miss Rita Arnold.

N. M. Boggess left today for La Junta, Colo., after spending a week with his parents, Mr. and Mrs. Henry Boggess. He will open a revival there with Evangelist Rayburn. Their most recent engagement was at Fort Dodge, Iowa.

Malcolm Gates, the young son of Mrs. Leona Gates, lost the index finger of the right hand in a lawn mower Saturday, and the member was amputated at the second joint. The young man has since made satisfactory progress toward recovery.

Mrs. Mary Bates is enroute home from California, being accompanied as far as Kansas City by Miss Dora McFarland, and will there be met by her son, T. P. Bates, of St. Louis. Mrs. Bates is in very poor health. Miss McFarland will spend a time in Kansas before coming home.

H. A. Schroeder, formerly with the Clayton Drug Stores at Springfield is the new proprietor of the Pegram Drug Co. He took charge today. Mr. Pegram retains ownership of the building, and will devote his attention to his clay mine south of Berdan, which business is showing an increasing demand with the truckage facilities furnished by the C. and A. A saw mill has now been put in operation on the premises, and Mr. Pegram says he will furnish the lots and timber for the first four houses to be built on the site of his new town of Pegram or South Berdan.

Carrollton and Greenfield were visited Monday afternoon by Messrs. L. E. Ellison, C. F. Wemken, Frank Carman and R. B. Pearce in the interest of the dedication of the Revolutionary markers on July 4th in Gregory Park. The party traveled in Mr. Wemken's new Studebaker, and the reception of the idea by those with whom conferred shows that these communities had taken a most favorable view of the enterprise in advance of the coming of these visitors. Rollins L. Scott, county superintendent of schools, is considering the issuance of a pamphlet of information concerning the Revolutionary history of Greene county for general distribution. Greenfield is considering participating with the schools and in other ways, including a float entitled "The Spirit of '76." It was announced that White Hall will run large booster excursion the latter part of June to instill further interest throughout this section.

Mr. and Mrs. Charles H. Story and son are leaving today for a two days' visit in Macoupin county, combining business and pleasure.

ANNUAL SURVEY OF HI Y IS PRESENTED

Shows Many Activities During Year—Will Send President to Camp Seymour.

The annual survey of the Jacksonville Hi Y shows considerable activities during the past year.

The Jacksonville Hi-Y club held its first meeting for the school year 1922-23 at the State Street Presbyterian church October 3, 1922 with an attendance of 65 on hand.

The club met in the different churches of the city for a series of four meetings each, in the order following: State Street Presbyterian, Brooklyn M. E., Westminster, Centenary, Congregational, Grace M. E., and First Baptist. The club met in Central Christian church for the alumnae banquet.

The first activity of the club other than meeting regularly every Tuesday evening for supper, provided by the ladies of the church and discussing topics of the day that concern the boy life, was the All School Party carried out with the help of the Girls' Club of the high school. The party was held on October 18, 1922 with a turn-out of practically 500 students. This party was held for the purpose of getting the new students and teachers better acquainted.

The second activity was the taking over of the athletic association of the high school for the purpose of getting more members in the association. There were about 25 membership tickets disposed of thru the club.

The third activity was the inauguration of the annual alumnae banquet, held at Central Christian church with 75 present. The purpose of this banquet was three fold: farewell to J. S. Findley; Y. M. C. A. building pep meeting; alumnae friends.

The fourth activity was the promotion, in conjunction with the Girl's Club, of the Clean Life Campaign in the high school.

The fifth activity was the benefit picture show for the club for financial purposes.

The sixth activity was the special program for the last meeting held May 22, 1923, with the installation of the new officers and farewell to the graduating members of the club. There were 50 present at this meeting.

The average attendance for the 31 meetings of the school year is 50 each.

The percentage number of boys attending the meetings out of the 280 boys in high school is 43%.

The total number that have attended the club meetings is 120.

The number of perfect attenders for the entire term is 8.

The treasurer's final report shows a total of \$17.00 left on hand and credited to the next year's club.

38 Seniors; 31 Juniors; 29 Sophomores; 22 Freshmen.

Outgoing officers: President—Alfred Cranwill. Vice president—Lee Baldwin. Secretary—Albyn Wolfe. Treasurer—Clarence Souza.

New officers: President—Lee Baldwin. Vice President—Willard Johnson.

After the business session the following program was rendered: Quartette music by Ed Joquin, Russell Deatherage, Harold Kamm and Willard Johnson. Piano selection—Edward Joalquin.

Report of the year's activities by the retiring president, Alfred Cranwill.

BAPTISTS TO MEET IN ATLANTIC CITY

Northern Branch of Denomination to Hold National Convention Soon on Eastern Coast—Program Is Summarized

(By Rev. A. P. Howells)

With the singing of "Coronation" the Baptists of the North will open a week's session in the big auditorium on the steel pier at Atlantic City, N. J., on Wednesday, May 23rd, at 9:30 a. m. High over the convention platform will hang the convention motto, "Thy Kingdom Come." At 10 a. m. Rev. Frederick E. Taylor of Indianapolis, Ind., will deliver the president's address to the thousands of delegates and the 1923 session of the Northern Baptist Convention will be on. Owing to the fact that the convention city is so far to the East, the Western delegation will be diminished over that of last year when the meeting was held at Indianapolis. The only Illinois man whose name appears on the program is Rev. Benjamin Otto Superintendent of City Missions, Chicago, Ill. One of the big features will be the address of Honorable R. A. Haynes, Washington, D. C., on "The Progress and Problems of Prohibition." Missionaries from Bengal, China, the Philippines, the Congo, Burma, India, and Japan will tell of the progress of Christianity in their respective countries. The Baptists are leaving the Presbyterian church to fight heresy this year, and are going after a unite-I program for a "deeper work of grace." The denominational press has failed the end of the controversial fuse, the end of the controversial fuse. Financially, the denomination failed to reach its mission goal for the year, ten million dollars, but with legacies and invested funds this may yet be reached. The convention engages its president annually, and the "gospel prophet" declares that the office will go back to the Eastern states again. The Southern Baptist Convention which has just been closed at Kansas City, Mo., one of the greatest meetings in the history of the South, appointed "Fraternal Delegates" who will give the right hand of fellowship to the Baptists at Atlantic City. Rev. L. H. Koehler, Baptist Director of Religious Education for Illinois and Rev. D. O. Hopkins, District Superintendent for Western Illinois are both in attendance at the convention. The latter will sail, after the Atlantic City meeting for Europe where he expects to attend the World's Baptist Alliance at Stockholm, Sweden, in July.

STATUE AT OUR SAVIORS HAS NOW BEEN PLACED

The statue of Christ of which previous mention has been made has now been erected on the Court street entrance at Our Saviour's hospital. The statue itself has been here for some time but the base was received Monday and the erection was completed.

This statue is of the finest quality and very lifelike demonstrating that a thing that is worth doing is worth doing well. The base stands four feet and six inches high and the statue proper is seven feet high, and weighs 2,500 pounds while the base weighs 6,000 pounds. The pedestal was received from M. J. Baum & Co., of Springfield and the Deprato Statuary Co., of Springfield furnished the statue.

The Court street entrance now presents a very imposing appearance with the large statue and the grass boulevards, making the back entrance fully as attractive as the front, in fact a great many consider that the Court street view is much the finest.

MOTHERS DAY PROGRAM AT CONCORD CHURCH

Impressive Service Held at Christian Church, Participated in by Three Churches—Other Concord News Items.

Concord, May 22—Mother's Day services were held at the Christian church at 11 o'clock Sunday morning. A beautiful service was listened to by a large audience from all three churches. The Concord high school orchestra made their first public appearance and furnished music for this occasion which was highly appreciated.

The pastor, Rev. Teany, made the address, a beautiful tribute to "mother" which was listened to by the large audience.

Mrs. Jennie Parks visited Mrs.

Eliza Harmon and Edward Wharton and Mrs. Ethelyn Plank from Thursday evening to Saturday morning. She left for her home in Newton, Kansas.

A special song by C. O. Bayless, Bert Way, Mrs. F. M. Dober and Miss Alma Deterding, "The Old Songs Mother Sang," deserves special mention.

Leo Seiple, a former principal of the Concord school, is a guest of Mr. and Mrs. Edward Willard.

Baccalaureate service for the Concord high school was held at the Christian church Sunday evening, May 20. The first on the program was a march, with Miss Alma Deterding at the piano. A choir composed of members from all three churches with Miss Helen Yeck at pianist, rendered some fine music. The following special music was given: Saxophone duet by Othello Yeck and Ernest Laughtry. Quartet by Bert Way,

C. O. Bayless, Mrs. F. M. Dober and Miss Alma Deterding; Miss Marie Way at the piano.

Rev. F. M. Crabtree of the Chapin Christian church, delivered a splendid sermon which was greatly enjoyed by the large audience. Rev. J. E. Teany offered prayer.

The names of the graduates of the class of 1923 are: Marie May, Ruth Yeck, Blanche Stone, Dorothy Smith, Clifford Hesse, Frank Bull, Vernon Campbell, Kenneth Murphy. The church was beautifully decorated for this occasion.

Mrs. George Shrewsbury and daughter, Miss Ethel, returned to their home at Illinois, Ill., on Saturday evening, after spending the latter part of the week with Mrs. John Filson.

Mr. and Mrs. Aaron Petefish are the proud parents of a little daughter. Her birthday is May 20th.

COLORED BAPTISTS BEGIN CONVENTION

Delegates Here from All Parts of the State to Attend Gathering at Mt. Emory Church

Every section of the state is represented in the convention of the Baptist church now in progress at Mt. Emory church here. The women's section is in session with Mrs. M. B. Greer of Colp presiding and Mrs. Lillian Haywood serving as secretary.

The morning session began with the hymn, "Am I a Soldier of the Cross," and prayer was offered by Dr. W. P. Washington. Short addresses were delivered by Rev. B. H. Hunter, Bloomington; Rev. T. B. Gaylis of Aurora; Rev. J. B. Davis, Colp. The sermon was delivered by Rev. W. P. Field of Decatur, who had for his theme "Let There Be Light." It was a strong sermon which the large assembly found very helpful.

Rev. Henry Allen Boyd is to arrive from Nashville and will be met by a committee of six. His address will be one of the features of the session. Rev. C. C. Phillips told of the financial needs of the ministers' home at Golconda and there is every indication that the money will be raised.

Rev. J. A. Royal of Chicago, a representative of the foreign mission board, spoke particularly of the interest of Rev. E. B. Hubbard, now in Africa. It is expected that the election today will result in the re-election of present officers, who have served so well. Three prominent laymen are expected today from Chicago and will make brief addresses: Messrs. Allen Johnson, William Johnson and W. E. Burns.

At the session tonight Mayor Cantelero will speak on behalf of the city and Dr. E. P. Jones will respond.

What Co-operation Has Done

Little more than half a century ago, Gustavus F. Swift borrowed \$20 from his father and started in the packing business. Hard work on his part and on the part of the associates whom he presently gathered about him caused the business to grow.

When first incorporated, Swift & Company had six shareholders. The nation was growing and needed meat, and the young company grew also. As more money was needed the business was enlarged by enlisting the co-operation of more shareholders.

The first little plant at Barnstable, Mass., has given way to 23 modern packing plants strategically located. More than 400 branch houses and 600 car routes distribute the meat carried in more than 6,000 refrigerator cars.

Today Swift & Company's service in meat to retailers here and abroad represents the effort of nearly 100,000 people co-operating with their savings or daily toil.

More than 45,000 men and women have co-operated with us by investing their money in shares of Swift & Company.

Nearly 50,000 men and women who work in these offices, plants and branch houses—16,000 of whom also are shareholders—are giving us their co-operation in building the business. They take a just pride in the promptness and precision of its service and in the uniformity and high quality of its products. Swift's Premium Hams and Bacon, "Silverleaf" Brand Pure Lard, Premium Frankfurts and other Swift products are symbols of their hearty co-operation and of their belief in the Company.

MISS OPAL MORGAN IS SERIOUSLY HURT

Piece of Glass Penetrates Eye While She Is Practicing Athletic Events—Physicians Hope Sight Is Not Destroyed.

Miss Opal Morgan, a Sophomore at Illinois Woman's college, was seriously injured yesterday afternoon while practicing track and field events on the college campus. In attempting a running jump, she accidentally tripped and fell striking the glasses which she was wearing against some object in her path. The lenses were shattered, and a piece of the glass penetrated the ball of her left eye.

The young lady was taken immediately to Passavant hospital, where she was attended by Dr. Walter Frank. An X-ray examination showed that no glass had remained in the eye ball. Altho the wound is serious, it is hoped that the sight of the eye is not endangered and that no unforeseen complications of the injury will develop.

Miss Morgan is the daughter of Mr. and Mrs. L. B. Morgan of Tower Hill, Ill. She expected to leave the college at the close of the term to take a position for the summer as private secretary to Dr. Daniel Brummit, editor of the Epworth Herald. Altho her departure will be delayed by the accident for several weeks, it is hoped that she will be able to take up her work later in the summer.

Star Camp No. 171 Royal Neighbors of America conferred the degree of the order on Mrs. Ledbetter at the regular meeting Tuesday evening. Three applications were also ballotted upon. The camp made plans for a basket supper to be held on the next regular meeting night, June 12.

LARGE CROWD SEES SHAKESPEAREAN PLAY

Performance of I. C. Dramatic Club is Successful in Spite of Cool Weather—Clever Actors and Good Music Please Audience.

"Twelfth Night, or What You Will," which was presented last evening on the campus by the Illinois college Dramatic club, drew a large and appreciative audience, in spite of the chilly weather. The bleachers were crowded.

The lighting effects and costuming of the characters were perfect and added greatly to the brilliancy of the scenes. The comedy of Twelfth Night, which is woven about a case of mistaken identity and similarity of brother and sister in expression and features, proved a popular theme, and the various actors were well adapted to their parts.

The principal characters in the play carried the title roles with ease and skill. The comic parts drew out some clever acting and amusing impersonations.

The audience laughed over the mock duel between the page, Viola and Sir Andrew Aguecheek, and many other incidents in the play provoked laughter and applause.

The work of the orchestra and chorus added the necessary musical excellence to the play. The dances given during the intermissions won hearty applause. Following is the cast of characters as given on the official program:

Sebastian, brother to Viola—Mr. Clarence Weber.

ILLINI LODGE HAS MADE GREAT RECORD

Ten Year Occupancy of Temple Celebrated Tuesday Night—Jubilee Program Given—Grand Secretary Sikes Here—History of Illini Retold by J. Marshall Miller

Illini lodge No. 4, I. O. O. F., held a jubilee celebration Tuesday night which brought together a large representation of the membership. The occasion commemorated the 10th anniversary of the occupancy of the I. O. O. F. temple and the further fact that the indebtedness upon the property has been reduced to a comparatively small amount.

John Sikes, grand secretary of the order, was present to make an address and there were other prominent Odd Fellows present as well. At 6 o'clock a splendid supper was served with more than 100 Odd Fellows present. Afterward came a regular session of the lodge with Thomas Harber, noble grand, presiding.

Reminiscences of the lodge were given by Matthew Minter. Then J. Marshall Miller made an address presenting interesting facts with reference to the lodge and the details of the recent accomplishment in clearing off the indebtedness.

Mr. Sikes spoke in somewhat reminiscent vein and brought a real message of Odd Fellowship. As a matter of special interest the speaker read the first report made by Illini lodge to the grand lodge. That was back in October, 1888, and so the document has historic interest.

After these addresses there were a number of informal talks "for the good of the order," and all those present had an opportunity to speak.

The supper committee included David Shadd, Walter Brown, L. W. Sutton and Everett Sheppard. John Deatherage, Roy DeFries, Arthur Updegraff, Arthur Ellis, Earl Gruber, Illini lodge, and they had also as assistant Fred Goodey of No. 243.

The story of Illini

In every way the occasion was made memorable and emphasis given to the facts of Illini's great history and present prosperous condition. The main paragraphs of Mr. Miller address are given:

You have just listened to the story so feelingly and eloquently told of the past of "OLD ILLINI" Lodge—of her founding, her vicissitudes, her straggles, and her achievements.

Ten years ago, we dedicated these our lodge quarters comprising the entire second floor of our substantial and beautiful Lodge Home, designated for utility, comfort and convenience. There are no more complete and well-equipped lodge quarters in the state. Since that dedication we have reduced our indebtedness \$13,000. Within the last ten days we have written across the face of two mortgages the words "Paid." Therefore tonight we have occasion to celebrate and jollify.

But Illini Lodge is more than cherished memories of the past, and more than walls of brick and mortar, though it be our home. It is more than a debt paying institution.

What then, is Illini Lodge today?

The oldest living fraternal secret organization instituted in Morgan County. She is eighty-five years old, yet strong and virile. What a record of years. What a record of beneficent work, of relief and service. What a story of fraternal fellowship these years portray. What an example of unselfish and unstinted devotion. Eternity alone can measure the sum total of helpfulness and success rendered sick members and their bereaved families. Not as cold cash handed out by an insurance company for premiums paid in before; but under the bond of friendship and the pledge of fraternity, with the sympathetic hand shake, the cheering word, and the warm heartedness of a true Odd Fellow.

Do we value the heritage of our illustrious past as a lodge?

Shall we, the present members, measure up to the noble example of the past? Can we grasp the present? These are the questions we must answer and solve, as did our predecessors, in friendship, love and truth. If Illini Lodge is to maintain her good name, and her members be deserving of an old F-llows reward, namely "Well done good and faithful brother," she must resolutely and generously "carry on" the beneficent work of our forefathers.

The lives, the work, the fidelity of the departed brothers, have not been in vain. The "cup of cold water," it may be, brings its reward. The cherished ambitions of the founders of this Lodge must be realized in us.

Ours is a noble work. It has grown possibilities. Will never be finished while this lodge lives; and while humanity needs faith, hope and charity.

Why do we say this? Because "friendship is like the sun's eternal rays no daily contact exhausts its store, it lingers still and burns the more."

Which again I ask, because Love and Truth are eternal. The world moves on, and the lodge must move with it as a race, not as a mere mortal. These things are not mere words, but definite realities. If odd fellows unite, and practice the principles of the lodge, it will never crumble in decay, nor perish from the earth. Brothers, if we do these things, with one true heart and a single mind, Illini Lodge can celebrate not only her eighty-fifth birthday, but her one hundred and eighty-fifth.

There can be no well founded claim to the Fatherhood of God without its corollary, the brotherhood of man.

Illini lodge tonight pauses to review her past—to take inventory of her present, and to visualize her future. She reveres the great and good work of brothers gone before. She feels the responsibilities and opportunities of the living present. She knows not the future and dares not know if it could be revealed to her. This she does know, that if she acts her full part, and is true to the high ideals of our beloved order, each day as it comes, her future will be crowned with success. If each member will—"Count that day lost whose low descending sun, Views from thy hand no noble action done," then will the future be fraught no longer with doubts and shadows, but will shine with a serene and radiant luster. With "heart within and God overhead" we are to go forward. United we will, separated we not only fail, but fail in our mission, which is to visit the sick, alleviate distress, bury the dead and to do good to all men. We may have a comfortable lodge rooms, rich paraphernalia and recite perfectly the ritual, but unless we go forward in harmonious unselfish action to fraternize the world, and minister to the fallen and needy beside the high way of life, as did the Good Samaritan of old, we are a miserable failure as Odd Fellows and unworthy of the name. We are taught that "one can not be true, a good Odd Fellow unless he is an honest man. And an honest man's the noblest work of God."

We have a membership of 404. I believe I am correct in saying no lodge in the State equals us in numbers of members who have received the fifty year jewel as a reward for fifty years of unbroken membership in the lodge. Think of it brothers. We have tonight an active conductor in our degree staff wearing his fifty year jewel. I refer to Brother Matthew Minter, still able, willing and enthusiastic in forwarding the interests of odd fellowship and Old Illini to dear to his heart.

Few indeed are the members of our own lodge who can look back upon fifty years of continuous, active service in one lodge. May not this brother's record stand as a monument to the fidelity and continuity of purpose, of the members of this lodge.

Were I to call the roll tonight of the members living and dead, of Number Four, you would doubtless agree with me that here has been, and now is, no greater uplifting moral force in this community than Illini Lodge, save the Church of Jesus Christ. It is not the purpose or desire of odd fellowship to supplant the church or detract from it. It is auxiliary to, and a valuable ally of the church, in teaching and practicing morality, charity and right living. This is strikingly shown in our secret work, that has drawn so frequently, literally and copiously from the choicest incidents of the sacred book, that lies open on the altar in every lodge while it is in session.

On this anniversary occasion we pause also, to reverently honor the Supreme Being, and to thank the Kind Father of us all, for His mercies and blessings in the past and we pray the Divine Benediction upon our efforts to uphold the truth, promote brotherly love and the practice of charity among our fellow men in the future.

At this time we pause also to lay plans, and to make higher resolutions to carry forward the teachings of our fraternity in the days to come.

Rich we are, in hallowed memories, confident in the merits and potency of our cause. Hopeful and purposeful for the future. Prosperous and united in brotherly ties in the present may we so courageously forward in service and devotion together. In the "fields that are white already to harvest."

Illini Lodge tonight has reason to "thank God and take courage." Long live Illini Lodge.

PROTESTANT CHURCHES PLAN ANNUAL PICNIC

Indications Are That This Year's Event Will Be One of Best In History of Churches of County—June 7 Is the Date.

Plans for the annual picnic of the Protestant churches of Morgan county were formulated at a meeting held at Central Christian church Tuesday evening. Forty-six persons were present and judging by the interest displayed last night this year's picnic will be one of the most successful in the history of the Protestant churches of the county.

The picnic is to be held on Thursday, June 7, at Nichols park. There will be a parade in the morning, followed by a picnic dinner and a program in the afternoon at Nichols park.

A chicken supper was served at 6:30 o'clock to which all the ministers of the county, the chairman of the various committees and the Sunday school superintendents were invited.

Following the serving of the supper came the business session, at which Rev. M. L. Pontius of Central Christian church presided. Reports were heard from the chairman of the various committees, all indicating that the arrangements for the picnic are well under way.

Rev. W. H. Marbach reported for the committee on games and amusements. He stated the object of the picnic to be not only the enjoyment of fellowship but to cement the Protestant churches of the county into a closer union and to exalt the cause of Christianity. He said the idea of this picnic originated in the country and the chief promoter, Mr. Arthur Swain, represents both the city and the country. He said he expected at least 2,000 or 3,000 people to be present. Several indoor baseball games have been arranged as well as a volleyball contest and races for both men and women.

The parade committee was represented by C. E. Williamson, who said that the parade would probably be organized on Church street and on Court street near the Ford garage. The men's Bible classes of the various churches will be expected to march in the procession, while all others will be permitted to ride. The hour of assembly will probably be at 10:30 a. m.

T. V. Hopper, as chairman of the music committee reported that two brass bands had been secured. The Jacksonville community band will lead the parade and give a program in the afternoon at Nichols park. The Waverly band will only appear in the parade.

H. J. Rodgers reported for the finance committee that the expenses of the picnic would be totaled and apportioned among the various churches represented.

Rev. T. H. Tull, chairman of the program committee, reported that Judge Harry Olson of the municipal court at Chicago will deliver the principal address at 2 p. m., immediately following the band concert.

Rev. W. E. Spooner announced that the dinner will be in the nature of an old fashioned basket dinner. The refreshment committee will provide coffee, sugar and cream, lemonade for the children and plenty of fresh water for all.

Mrs. Lillian King, chairman of the social committee, stated that her committee now consisted of eleven ladies and that two ladies from each local church are to be added to the committee, making a total of 33. This large and competent committee will develop their plans with the day and endeavor to make everyone feel at home.

The publicity committee announced that 5,000 dodgers will be printed for distribution throughout the county and 300 large window cards will also be printed. Probably there will be competitive drills among various Boy Scout troops of the county.

Brief speeches were made by various representatives of the Sunday schools in the county, showing that considerable enthusiasm had already been aroused and the picnic will be generally supported and patronized by all of the churches.

Rev. W. C. Harms reported for the Murrayville M. E. church. He and Harry Cade and Vernon Baker were appointed a committee to secure the attendance of Murrayville Protestants.

In Woodson the committee includes Rev. A. E. Powell, John Shirley and C. L. Gorman. Rev. O. W. Lough spoke for the Chapin M. P. church, he and Harry H. Onken serving as the committee from Chapin.

Rev. F. M. Crybree stated that his church voted unanimously for the picnic and will bear its share of the expense and furnish transportation for its delegation. Rev. Mr. Pease and Mrs. W. T. Scott promised the co-operation of the church at Orelan.

Bert Way and W. H. Williamson are the committee from the Concord churches. Fred Scholfield represented Lynnville and on behalf of the Sunday school the baseball team of Lynnville issued a challenge to any other similar team from the county for a ball game on the day of the picnic.

COMMISSION'S ACTION AWAITED

NEW YORK, May 22.—The state athletic commission today discussed two requests for a declaration of attitude on a proposed championship contest in New York next fall between Jack Dempsey, heavyweight titleholder and Harry Wills, New Orleans negro. The commission declined to make a public announcement of its decision.

Tex Rickard, promoter, who last year refused to enter into any negotiations for a match between Dempsey and Wills, asked the commission to inform him of any objections it might have to such a contest this year. Paddy Mullins, manager of the negro heavy asked if the commission intended to recognize Wills who posted a forfeit with a challenge to Dempsey some months ago.

Rickard said he would wait for the commission's answer on the Wills question before going further.

Dugan, who was on base at the time scored in front of the great slugger. NEW YORK, May 22.—Persistent hammering by bear traders sent nearly four score stocks to new low records for the year in today's stock market before sufficient buying support was forthcoming to check the reactionary trend which has continued with interruptions since the first week in March.

When the market was at its low point of the day around the averages of the barometric railroad and industrial stocks were near the lows of last November which witnessed the turning point of the previous major reaction.

Much of the liquidation that came into the market this morning was forced representing the closing out of weakened marginal accounts and extensive selling by pools no longer able to support their favorites. Large blocks of United States Steel common had to be absorbed on the way down to 95, a new low before bringing about a turn.

Some of the other popular shares which touched new bottom prices for the year were Bethlehem and Republic Steels, Standard Oil of New Jersey, the Pan-American issues, Texas Company and Pacific, Cosden and Sinclair Oils, Atchison, Northern Pacific, Reading, Lackawanna, Illinois Central, St. Paul, Pennsylvania, Rock Island and Erie railroad.

The afternoon rally started with California Petroleum and American Can and soon spread to the rest of the list.

New York Central led the recovery in rails climbing from 92 to 94 1/2, where it was up 1 1/2 on the day in a very short time. Canadian Pacific showed a net gain of 2 points on the day.

Strength of U. S. Government bonds all of which registered moderate gains with the exception of the tax-exempt 3 1/2s featured today's trading in bonds on the New York Stock Exchange.

The 3 1/2s sold off thirty six cents of a point. Treasury 4 1/2s bonds touched par at one time but eased slightly and closed at \$99.26, a gain of 8-32 of a point.

Chicago Livestock
Chicago, May 22.—U. S. Dept. of Agriculture—Receipts 11,000. Beef steers and yearlings closed active, strong to 15c higher; mostly 10 to 15c up; kind of value to \$9 and above reflecting advance;

The Ideal Two Weeks' Vacation COLORADO

The Low Cost of the
Trip Will Surprise
You

If your time is limited—
If you want to crowd in
to two weeks, perhaps the
maximum vacation enjoyment—

Go to Colorado!

Colorado is as big as all New England, with Indiana added; two-thirds is mountainous—100,000 square miles contain 155 peaks that are more than 13,000 feet high. Within the state there are 500 lakes—large and small; 6,000 miles of running water. Mineral springs abound—no one knows how many there are. Every railroad line is an excursion line; motor highways radiate in all directions.

Obviously, in such a region, vacation possibilities are unlimited. Here, whatever your age, or means, or preferences, you'll find your vacation "as you like it."

Where to go? There are a thousand different places! When to go? Any time! This summer, when you're tuckered and seeking to escape from the heat and dust, get out under that magnificent cool blue Colorado sky, get the tang of the mountain air and the spicy smell of pine in your nostrils, and you will not have to ask anyone whether it was the right thing to do.

How to go? Oh, just climb aboard a Burlington luxurious limited! Colorado is not "Way off yonder," as some people think. The journey is both quick and pleasant.

If you desire to continue on to the Pacific Coast and return via an entirely different route, that's easily arranged.

Don't wait until the last minute to make arrangements.
